

Nathan Hu

nathu@cs.stanford.edu | nathanhu0.github.io

Education

Stanford University Ph.D. Computer Science	2025–Present
Stanford University M.S. Computer Science (2024), B.S. Computer Science (2023)	2019–2024

Research Experience

MATS Program Research Scholar [with Lee Sharkey]	Jun 2025-Aug 2025
Anthropic Research Resident [with Evan Hubinger]	Sep 2024-Jan 2025
Google DeepMind Student Researcher [with Quoc V. Le]	Feb 2024-Apr 2024
Stanford IRIS Lab Student Researcher [with Eric Mitchell and Chelsea Finn]	Jan 2022-Feb 2024
Redwood Research Research Resident [with Alexandre Variengien]	Dec 2022-Jan 2023

Research Output

Ameen Patel, Max Zhang, **Nathan Hu**. LLMs Can Annotate Attribution Graphs. *Mechanistic Interpretability Workshop at ICML*. 2026.

Lucius Bushnaq, Dan Braun, Oliver Clive-Griffin, Bart Bussmann, **Nathan Hu**, Michael Ivanitskiy, Linda Linsefors, Lee Sharkey. Interpreting Language Model Parameters. *Preprint*. 2026.

Nathan Hu, Jake Ward, Thomas Icard, Christopher Potts. Transcoder Adapters for Reasoning-Model Diffing. *Preprint*. 2026.

Claire Tian, Katherine Tian, **Nathan Hu**. Measuring Sparse Autoencoder Feature Sensitivity. *Mechanistic Interpretability Workshop at NeurIPS (Spotlight)*. 2025.

Nathan Hu, Benjamin Wright, Carson Denison, Samuel Marks, Johannes Treutlein, Jonathan Uesato, Evan Hubinger. Training on Documents About Reward Hacking Induces Reward Hacking. *Anthropic Alignment Science Blog*. 2025.

Jerry Wei, Chengrun Yang, Xinying Song, Yifeng Lu, **Nathan Hu**, Jie Huang, Dustin Tran, Daiyi Peng, Ruibo Liu, Da Huang, Cosmo Du, Quoc V. Le. Long-form factuality in large language models. *NeurIPS*. 2024.

Z. Jonny Kong, **Nathan Hu**, Y. Charlie Hu, Jiayi Meng, Yaron Koral. High-Fidelity Cellular Network Control-Plane Traffic Generation without Domain Knowledge. *ACM IMC*. 2024.

Nathan Hu, Eric Mitchell, Christopher D. Manning, Chelsea Finn. Meta-Learning Online Adaptation of Language Models. *EMNLP*. 2023.

Nima Anari, **Nathan Hu**, Amin Saberi, Aaron Schild. Sampling Arborescence in Parallel. *ITCS*. 2021.

Additional Experience

Tower Research Capital Quantitative Trading Intern	Jun 2023-Aug 2023
Jane Street Quantitative Trading Intern	Jun 2021-Aug 2021

Apple

Data Science Intern, OS Power and Performance Team

Jan 2021-May 2021
